Area map

El Campello is a coastal municipality in the Comunitat Valencia (Spain) with around 30,000 inhabitants. It is located about 15 kilometers northeast of Alicante and about 35 km southwest of Benidorm.

Alicante Airport, “Aeropuerto de Alicante-Elche” in 03195 El Altet, is approx. 35 km away and can be reached in 30 minutes.

El Campello is also conveniently located close to the A-70 highway (ring road with access to the highways to Valencia, Barcelona and inland). El Campello is also located on the national road N-332, which directly connects Alicante with Benidorm.

The vacation home

Our vacation home is located in the “Urbanizacion Alkabir” 3 km from the center of El Campello.

Address of the Urbanizacion Alkabir: - Carrer del Pla de l'Amerador - 03560 El Campello - Alicante ES

Street address: Carrer de la Lloma Redona - Bloque 58A - 03560 El Campello - Alicante ES
(38.444281, -0.377998)

<https://maps.app.goo.gl/MmHiXpmN2GTrsxDZ9>

The urbanization has a restaurant, a bar, a pool bar/restaurant (open from June to October), a unique pool area and direct access to the nearby Cala de l'Amerador (pebble beach).

A connection to the bus line C6 (El Campello) and the streetcar line L1 stop Amerador (Denia - Benidorm - Alicante) can be reached in a few minutes on foot.

Our vacation home is a 3-storey terraced corner house and is conveniently located in the middle of the urbanization, so that all important points can be reached quickly. It is surrounded by greenery and is sheltered from view due to its elevated position.

The equipment can be found in the appendix. The vacation home is not handicapped accessible and is not particularly safe for small children.

On the first floor is the open-plan living area with a cozy sofa corner and a large dining table. The fully equipped kitchen is also located here. The living area can be cooled and heated by the air conditioning unit. An existing fan makes the Spanish summer heat seem pleasant.

The two bedrooms and the bathroom are located on the second floor.

One bedroom is equipped with a bunk bed. This offers a sleeping area of 140 x 190 cm on the lower sleeping level. The upper sleeping area measures 90 x 190 cm. The room also has a spacious built-in wardrobe and an air conditioning unit. The room has a small balcony.

The other bedroom has a king-size double bed measuring 180x200 cm. Here too, is a spacious built-in wardrobe and an air conditioning unit.

The bathroom has a bathtub and a WC. There is also a washing machine here.

The staircase leads to the second floor. Here you have access to the large roof terrace. This can be used almost all day thanks to the favorable north-west orientation.

A particular highlight of the apartment is the 55 sqm L-shaped terrace, which can be used in a variety of ways all year round. There are large awnings on both sides of the terrace. The barbecue, which is also available, can be operated via a gas hob.

Emergency numbers

112 General emergency call / Medical emergency call

Call 112 for help in a medical emergency or if you need assistance from the police. 112 is also the right number to call if you need help from the fire department. The official language is Spanish, but you can usually also get through in English.

091 National police (always pre-dial 0034 or +34)

092 Local police (always pre-dial 0034 or +34)

Call the national police for serious crimes that go beyond the jurisdiction of the local police. In all other cases, such as theft or an accident involving a rental car, you are better off calling the local police. If you are unsure where to call, simply dial 112 (without area code). They will help you in any case.

If you need your country representative in Spain you will find a list of the respective offices here:
